Lender may return any payment or partial payment if the payment or partial payments are insufficient to bring the Loan current. Lender may accept any payment or partial payment insufficient to bring the Loan current, without waiver of any rights hereunder or prejudice to its rights to refuse such payment or partial payments in the theure, but Lender is not obligated to apply such payments at the time such payments are accepted. If each Periodic Payment is applied as of its scheduled due date, then Lender need not pay interest on unapplied funds. Lender may hold such unapplied funds until Borrower makes payment to bring the Loan current. If Borrower does not do so within a reasonable period of time, Lender shall either apply such funds or return them to Borrower. Unless an agreement is made in writing or Applicable Law requires interest to be paid on the Funds, Lender shall not be required to pay Borrower any interest or earnings on the Funds. Borrower and Lender can agree in writing, however, that interest shall be paid on the Funds. Lender shall give to Borrower, without charge, an annual accounting of the Funds as required by RESPA.

If there is a surplus of Funds held in escrow, as defined under RESPA, Lender shall account to Borrower for the excess funds in accordance with RESPA. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's right to disapprove Borrower's choice, which right shall not be exercised unreasonably. Lender may require Borrower to pay, in connection with this Loan, either: (a) a one-time charge for flood zone determination, certification and tracking services; or (b) a one-time charge for flood zone determination and certification services and subsequent charges each time remappings or similar changes occur which reasonably might affect such determination or certification. These amounts shall bear interest at the Note rate from the date of disbursement and shall be payable, with such interest, upon notice from

Lender to Borrower requesting payment.

In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower. Unless Lender and Borrower otherwise agree in writing, any insurance proceeds, whether or not the underlying insurance was required by Lender, shall be applied to restoration or repair of the Property, if the restoration or repair is economically feasible and Lender's security is not lessened. During such repair and restoration period, Lender shall have the right to hold such insurance proceeds until Lender has had an opportunity to inspect such Property to ensure the work has been completed to Lender's satisfaction, provided that such inspection shall be undertaken promptly. Lender may disburse proceeds for the repairs and restoration in a single payment or in a series of progress payments as the work is completed. Utless an agreement is made in writing or Applicable Law requires interest to be paid on such insurance proceeds, Lender shall not be required to pay Borrower any interest or carnings on such proceeds. Fees for public adjusters, or other third parties, retained by Borrower shall not be paid out of the insurance proceeds and shall be the sole obligation of Borrower. If Borrower abandons the Property. Lender may file, negotiate and settle any available insurance claim and related matters. If Borrower does not respond within 30 days to a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may negotiate and settle the claim. The 30-day period will begin when the notice is given. In either event, or if Lender acquires the Property under Section 22 or otherwise, Borrower hereby assigns to Lender (a) Borrower's rights to any insurance proceeds in an amount not to exceed the amounts unpaid under the Note or this Security Instrument, and (b) any other of Borrower's rights (other than the right to any refund of unearned premiums paid by Borrower) under all insurance policies covering the Property, insofar as such rights are applicable to the coverage of the Property. Lender may disburse proceeds for the repairs and restoration in a single payment or in a series of progress payments as the work is completed. If the insurance or condemnation proceeds are not sufficient to repair or restore the Property, Borrower is not relieved of Borrower's obligation for the completion of such repair or restoration.

Lender or its agent may make reasonable entries upon and inspections of the Property. If it has reasonable cause, Lender may inspect the interior of the improvements on the Property. Lender shall give Borrower notice at the time of or prior to such an interior inspection specifying such reasonable cause.

Mortgage Insurance reimburses Lender (or any entity that purchases the Note) for certain losses it may incur if Borrower does not repay the Loan as agreed. Borrower is not a party to the Mortgage Insurance.

Morgage insurers evaluate their total risk on all such insurance in force from time to time, and may enter into agreements with other parties that share or modify their risk, or reduce losses. These agreements are on terms and conditions that are satisfactory to the mortgage insurer and the other parties to these agreements. These agreements may require the mortgage insurer to make payments using any source of funds that the mortgage insurer may have available (which may include funds obtained from Mortgage Insurer prenduns).

As a result of these agreements, Lender, any purchaser of the Note, another insurer, any reinsurer, any other entity, or any affiliate of any of the foregoing, may receive (directly or indirectly) amounts that derive from (or might be characterized as) a portion of Borrower's payments for Mortgage Insurance, in exchange for sharing or modifying the mortgage insurer's risk, or reducing losses. If such agreement provides that an affiliate of Lender takes a share of the insurer's risk in exchange for a share of the premiums paid to the insurer, the arrangement is often termed "captive reinsurance." Further:

(a) Any such agreements will not affect the amounts that Borrower has agreed to pay for Mortgage Insurance, or any other terms of the Loas. Such agreements will not increase the amount Borrower will owe for Mortgage Insurance, and they will not entitle Borrower to any refund.

## FIXED/ADJUSTABLE RATE RIDER

THIS FIXED/ADJUSTABLE RATE RIDER is made on this 4th day of January .

2007 , and is incorporated into and shall be deemed to amend and supplement the Mortgage, Deed of Trust or Security Deed (the "Security Instrument") of the same date given by the undersigned ("Borrower") to secure Borrower's Fixed/Adjustable Rate Note (the "Note") to Washington Mutuel Bank

("Lender") of the same date and covering the property described in the Security Insurament and located at: 3622 West Curtis Drive, Sacramento, CA 95818

### [Property Address]

THE NOTE CONTAINS PROVISIONS ALLOWING FOR A CHANGE FROM THE INITIAL FIXED INTEREST RATE TO AN ADJUSTABLE INTEREST RATE AND FOR CHANGES IN THE MONTHLY PAYMENT. THE NOTE LIMITS THE AMOUNT BORROWER'S INTEREST RATE CAN CHANGE AT ANY ONE TIME AND THE MAXIMUM RATE BORROWER MUST PAY.

ADDITIONAL COVENANTS. In addition to the covenants and agreements made in the Security Instrument, Borrower and Lender further covenant and agree as follows:

### A. INTEREST RATE AND MONTHLY PAYMENT CHANGES

The Note provides for an initial fixed interest rate of 9.800 %. The Note provides for a change in the initial fixed interest rate to an adjustable interest rate and for changes in the monthly payments, as follows:

### 4. INTEREST RATE AND MONTHLY PAYMENT CHANGES

### (A) Change Dates

The initial fixed interest rate Borrower will pay will change to an adjustable interest rate on the first day of February, 2009 , and the interest rate Borrower will pay may change on that day every 6th month thereafter. Each date on which Borrower's interest tate could change is called a "Change Date."

### (B) The Index

Beginning with the first Change Date, Borrower's interest rate will be based on an Index. The "Index" is the average of interbank offered rates for six month U.S. dollar-denominated deposits in the London market ("LIBOR"), as published in The Wall Street Journal. The most recent Index figure available as of the date 45 days before the Change Date is called the "Current Index."

. Page 1 of 3

JPMC- 000832 CONFIDENTIAL

If the Index is no longer available, the Note Holder will choose a new index that is based upon comparable information. The Note Holder will give Borrower notice of this choice.

(C) Calculation of Changes

Before each Change Date, the Note Holder will calculate Borrower's new interest rate by adding

Four and 99/100 percentage points ( 4.990 %) to the Carrent Index. The Note Holder will then round the result of this addition to the nearest one-eighth of one percentage point (0.125%). Subject to the limits stated in Section 4(D) below, this rounded amount will be Borrower's new interest rate until the next Change Date.

The Note Holder will then determine the amount of the monthly payment that would be sufficient to repay the unpaid principal that Borrower is expected to owe at the Change Date in full on the Marurity Date at Borrower's new interest rate in substantially equal payments. The result of this calculation will be the new amount of Borrower's monthly payment.

(D) Limits on Interest Rate Changes

The interest rate Borrower is required to pay at the first Change Date will not be greater than 10.800 % or less than 8.800%. Thereafter, Borrower's interest rate will never be increased or decreased on any single Change Date by more than One percentage point(s) (1.000%) from the rate of interest Borrower has been paying for the preceding months. Borrower's interest rate will never be greater than 14.800% or less than 8.800%.

(E) Effective Date of Changes

Borrower's new interest rate will become effective on each Change Date. Borrower will pay the amount of Borrower's new monthly payment beginning on the first monthly payment date after the Change Date until the amount of Borrower's monthly payment changes again.

(F) Notice of Changes

The Note Holder will deliver or mail to Borrower a notice of any changes in Borrower's interest rate and the amount of Borrower's monthly payment before the effective date of any change. The notice will include information required by law to be given to the Borrower and also the title and telephone number of a person who will answer any question Borrower may have regarding the notice.

- B. TRANSFER OF THE PROPERTY OR A BENEFICIAL INTEREST IN BORROWER Covenant 18 of the Security Instrument is amended to read as follows:
- (A) Until Borrower's initial fixed interest rate changes to an adjustable interest rate under the terms stated in Section A above. Covenant 18 of the Security Instrument provides as follows:

#### Dear LAURA RICHARDSON

Thank you for your continued interest in our Homeownership Preservation Program. Enclosed is your proposed Loan Modification Agreement ("Agreement") (three identical sets of documents). The Agreement was prepared consistent with the terms you discussed with a loan workout specialist. The Agreement will not be binding or effective until is has been signed by both you and the lender in compliance with the instructions and conditions in this letter.

Please review the Agreement carefully and if you so desire, consult your own attorney. When you are satisfied with the Agreement and if you wish to proceed with the loan modification, sign all the documents in black lak, in the presence of a notary and keep one for your records and return two signed originals to Washington Mutual Bank in the envelope provided. Please sign your name exactly as it is printed under the signature line. Where appropriate, witness signatures must be from two different individuals and require their printed name under their signature.

Along with the signed Agreement, you must also send a certified check or cashier's check in the amount of \$0.00\$. This amount includes charges for the modification fee and necessary advances including but not limited to recording fees, attorney fees and costs, returned check fees and late charge fees, if any. Additional sums may become due as a result of the timing of this letter and Agreement. Nothing in this letter or Agreement precludes our collections of additional advances.

The signed Agreement and certified or cashier's check must be received by Washington Mutual Bank at the following address on or before "JULY 30, 2008"

A title search and endorsement to the original title policy or new title policy must be obtained prior to recording the Agreement.

There is no Agreement if:

- · clear title is not confirmed to the satisfaction of the lender;

Failure to comply with the requirements and conditions within the specified time period may result in the resumption of normal collection and foreclosure efforts, without further notice.

Upon the Agreement becoming binding and effective, the principal and interest amount of your monthly payments will be \$ 4,267.58 . Your first payment including taxes and insurance (if applicable) is due SEPTEMBER 1, 2008 . the total payment amount is \$ 4,352.32 . This payment amount is subject to change upon exerve analysis, if applicable.

If you are currently in an active bankruptcy, or have been discharged from a bankruptcy previously, then this letter and Agreement does not in any way mean that Washington Mutual Bank, the Trust, or anyone acting on their behalf is attempting to hold you personally liable for the loan. This notice is intended to inform you of your rights as they refer to the lender's ability to foreclose on your property per the loan documents if the loan is not timely brought current.

#### IMPORTANT NOTICE NOTICE OF DEFAULT AND ELECTION TO SELL UNDER DEED OF TRUST

IF YOUR PROPERTY IS IN FORECLOSURE BECAUSE YOU ARE BEHIND IN YOUR PAYMENTS, IT MAY BE SOLD WITHOUT ANY COURT ACTION, and you may have the legal right to bring your account in good standing by paying all of your past due payments plus permitted costs and expenses within the time permitted by law for reinstatement of your account, which is normally five business days prior to the date set for the sale of your property. No sale date may be set until three months from the date this notice of default may be recorded (which date of recordation appears on this notice).

This amount is \$18,356.40 as of December 13, 2007 and will increase until your account becomes current.

While your property is in foreclosure, you still must pay other obligations (such as insurance and taxes) required by your note and deed of trust or mortgage. If you fail to make future payments on the loan, pay taxes on the property, provide insurance on the property, or pay other obligations as required in the note and deed of trust or mortgage, the beneficiary or mortgagee may insist that you do so in order to reinstate your account in good standing. In addition, the beneficiary or mortgagee may require as a condition to reinstatement that you provide reliable written evidence that you paid all senior liens, property taxes, and hazard insurance premiums.

Upon your written request, the beneficiary or mortgages will give you a written itemization of the entire amount you must pay. You may not have to pay the entire unpaid portion of your account, even though full payment was demanded, but you must pay all amounts in default at the time payment is made. However, you and your beneficiary or mortgages may mutually agree in writing prior to the time the notice of sale is posted (which may not be earlier than the end of the three-month period stated above) to, among other things, (1) provide additional time in which to cure the default by transfer of the property or otherwise; or (2) establish a schedule of payments in order to cure your default; or both (1) and (2).

Following the expiration of the time period referred to in the first paragraph of this notice, unless the obligation being foreclosed upon or a separate written agreement between you and your creditor permits a longer period, you have only the legal right to stop the sale of property by paying the entire amount demanded by your creditor.

## NOTICE OF INTENT TO FORECLOSE

You are hereby notified that the installments under the referenced loan were not paid when due. The failure to pay the delinquent monthly installments constitutes a breach of the Deed of Trust. In order to cure the breach you must remit the sums due as listed below. Failure to cure the breach on or before 12/01/07 may result in acceleration of the sums secured by the Deed of Trust, as well as sale of the property encumbered by the Deed of Trust. Furthermore, additional costs may be incurred and become due. If you cannot pay by the date indicated in this letter, there are various options that may be available to you through Washington Mututal to prevent a foreclosure sale of your property. Please see the enclosed form for a brief outline of the options that are available.

You may also be eligible for home ownership counseling under the Housing and Community Development Act of 1987. You may contact HUD directly at (800) 569-4287.

You are hereby notified that a negative credit report, reflecting on your credit record may be submitted to a credit reporting agency. While the amount of the default will increase periodically, the following amounts are now due:

## Description

# Amount

Other Fees	\$0.00
*Corporate Advance	\$0.00
Less Miscellaneous Suspense Amount	\$2486.52
TOTAL NOW DUE:	\$10197.42**

JPMC-000981 CONFIDENTIAL

*This amount due represents advances such as taxes and insurance which Washington Mutual has made to protect its security interest in this property
**This amount may not include any miscellaneous fees currently billed to your loan. Any such fees due are reflected on your Loan Billing Statement.

In accordance with our servicing requirements, periodic property inspections will be requested unless payment is received. You will be billed for each property inspection ordered. An additional fee may be assessed if the property is vacant and/or unsecured.

As a word of caution, payment of the amount noted above will not be accepted once the default has increased. So it is absolutely essential that you call for an updated quote when preparing to remit the amount past due.

Washington Mutual reserves the right to accept or reject a partial payment of the total amount due without waiving any of its rights herein or otherwise. For example, if you send us less than the full amount due, we can keep your payment and apply it to your debt but still proceed with our foreclosure since you have not cured your default.

The Deed of Trust provides that, notwithstanding the Lender's election to accelerate the total indebtedness, you will have the right to reinstate the default by paying all sums that have become due pursuant to the Note and Deed of Trust.

This notice is to further advise you of your right to bring a court action to assert the nonexistence of a default or other defense you may wish to raise to any acceleration and sale.

You are further notified that, in order to ascertain the use and condition of the Property that is subject to said Deed of Trust, the undersigned Lender may cause entry upon and inspection of the property. Said entry and inspection may be made even if the above described defaults are cured.

We may report information about your account to credit bureaus. Late payments, missed payments or other defaults on your account may be reflected in your credit report.

If you have any questions regarding this notice, we urge you to call us at the number below.

## DEFINITION OF TRUTH-IN-LENDING TERMS

#### ANNUAL PERCENTAGE RATE

This is not the Note rate for which the borrower applied. The Annual Percentage Rate (APR) is the cost of the loan in percentage terms taking into account various loan charges of which interest is only one such charge. Other charges which are used in calculation of the Annual Percentage Rate are Privited Mortgage Insurance or FHA Mortgage Insurance Premium (when applicable) and Perpeid Pinnace Charges (loan discount, origination fees, prepaid interest and other credit costs). The APR is calculated by spreading these charges over the fife of the loan which results in a rate generally higher than the interest rate shown on your Mortgage/Dred of Trust Note. If interest was the only Finance Charge, then the interest rate and the Annual Percentage Rate would be the same.

#### PREPAID FINANCE CHARGES

Prepaid Finance Charges are certain charges mede in connection with the loan and which must be paid upon the close of the loan. These charges are defined by the Federal Reserve Soard in Regulation Z and the charges must be paid by the borrower. Non-inclusive examples of such charges are: Lean origination fee, "Points" or Discount, Private Morgage Insurance or PHA Morgage havance, Tax Service Fee. Some loan charges are specifically excluded from the Prepaid Finance Charge such as appraisal fees and credit report fees.

Prepaid Finance Charges are totaled and then subtracted from the Loan Amount (the face amount of the Doed of Trust/Mortgage Note). The net figure is the Amount Financed as explained below.

#### FINANCE CHARGE

The amount of interest, prepaid finance charge and certain insurance premiums (if any) which the betrower will be expected to pay over the life of the loan.

#### AMOUNT FINANCED

The Amount Financed is the loan amount applied for less the prepaid finance charges. Prepaid finance charges can be found on the Good Faith Estimate/Settement Statement (HUD-1 or IA). For example if the borrower's note is for \$100,000 and the Prepaid Finance Charges total \$5,000, the Amount Financed would be \$95,000. The Amount Financed is the figure on which the Amount Preventage Rate is based.

## TOTAL OF PAYMENTS

This figure represents the total of all payments made toward principal, interest and mortgage insurance (if applicable).

#### PAYMENT SCHEDULE

The dollar figures in the Psyment Schedule represent principal, interest, plus Private Mortgage Insurance (if applicable). These figures will not reflect taxes and insurance escrows or any temporary buydown psyments contributed by the seller.

#### DEFINITION OF TRUTH-IN-LENDING TERMS

#### ANNUAL PERCENTAGE RATE

This is not the Note rate for which the borrower applied. The Annual Percentage Rate (APR) is the cost of the loss in percentage terms taking into account various loan charges of which interest is only one such charge. Other charges which are used in calculation of the Annual Percentage Rate are Private Morrage insurance or PRA Morrage Insurance Premium (when applicable) and Prepail Finance Charges (non discount, origination fees, prepaid tisterest and other credit costs). The APR is calculated by spreading these charges over the life of the loan which results in a rate generally higher than the interest rate shown on your Morrage/Floed of Trues Note. If interest was the only Finance Charge, then the interest rate and the Annual Percentage Rate would be the same.

#### PREPAID FINANCE CHARGES

Prepaid Finance Charges are certain charges made in connection with the loan and which must be paid upon the close of the loan. These charges are defined by the Federal Reserve Board in Regulation Z and the charges must be paid by the borrower. Non-inclusive examples of such charges are: Loan origination for, "Points" or Discount, Private Mortgage Insurance or PHA Mortgage Insurance, Tax Service Fee. Some loan charges are specifically excluded from the Prepaid Finance Charge such as appraisal fees and credit report foses.

Prepaid Phance Charges are rotated and then subtracted from the Loan Amount (the face amount of the Deed of Trust/Mortgage Note). The net figure is the Amount Financed as explained below.

#### FINANCE CHARGE

The amount of interest, prepaid finance charge and certain insurance premiums (if any) which the borrower will be expected to pay over the life of the loan.

#### AMOUNT FINANCED

The Amount Financed is the loan amount applied for less the prepaid finance charges. Prepaid finance charges can be found on the Good Faith Estimat/Seutlement Subment (MUD-1 or IA). For example if the borrower's note is for \$100,000 and the Prepaid Finance Charges total \$5,000, the Amount Financed would be \$95,000. The Amount Financed is the figure on which the Amount Percentage Rate is based.

### TOTAL OF PAYMENTS

This figure represents the total of all payments made toward principal, Interest and mortgage insurance (if applicable).

### PAYMENT SCHEDULE

The dollar figures in the Payment Schedule represent principal, interest, plus Private Mortgage insurance (if applicable). These figures will not reflect taxes and insurance escrows or any temporary boydown payments contributed by the seller.

Mortgage insurers evaluate their total risk on all such insurance in force from time to time, and may enter into agreements with other parties that share or modify their risk, or reduce losses. These agreements are on terms and conditions that are satisfactory to the mortgage insurer and the other party (or parties) to these agreements. As a result of these agreements, Lender, any purchaser of the Note, another insurer, any reinsurer, any other entity, or any affiliate of any of the foregoing, may receive (directly or indirectly) amounts that derive from (or might be characterized as) a portion of Borrower's payments for Mortgage Insurance, in service from (of might be characterized asy a portion of bottower's payments for mortgage insurance, exchange for sharing or modifying the mortgage insurar's risk, or reducing losses. If the Index is no longer available, the Note Holder will choose a new index that is based upon comparable information. The Note Holder will give Borrower notice of this choice.

## (C) Calculation of Changes

The Note Holder will then determine the amount of the monthly payment that would be sufficient to repay the unpaid principal that Borrower is expected to owe at the Change Date in full on the Marurity Date at Borrower's new interest rate in substantially equal payments. The result of this calculation will be the new amount of Borrower's monthly payment.

#### (F) Notice of Changes

The Note Holder will deliver or mail to Borrower a notice of any changes in Borrower's interest rate and the amount of Borrower's monthly payment before the effective date of any change. # FIXED/ADJUSTABLE RATE RIDER

THIS FIXED/ADJUSTABLE RATE RIDER is made on this 4th day of January, 2007, and is incorporated into and shall be deemed to amend and supplement the Mortgage, Deed of Trust or Security Deed (the "Security Instrument") of the same date given by the undersigned [18] ("Borrower") to secure Borrower's Fixed/Adjustable Rate Note (the "Note") to Washington Mutual

("Lender") of the same date and covering the property described in the Security Instrument and located at: 3622 West Curtis Drive, Sacramento, CA 95818

### Property Address

THE NOTE CONTAINS PROVISIONS ALLOWING FOR A CHANGE FROM THE INITIAL FIXED INTEREST RATE TO AN ADJUSTABLE INTEREST RATE AND FOR CHANGES IN THE MONTHLY PAYMENT. THE NOTE LIMITS THE AMOUNT BORROWER'S INTEREST RATE CAN CHANGE AT ANY ONE TIME AND THE MAXIMUM RATE BORROWER MUST PAY.

ADDITIONAL COVENANTS. In addition to the covenants and agreements made in the Security Instrument, Borrower and Lender further covenant and agree as follows:

## A. INTEREST RATE AND MONTHLY PAYMENT CHANGES

The Note provides for an initial fixed interest rate of 8,800 %. The Note provides for a change in the initial fixed interest rate to an adjustable interest rate and for changes in the monthly payments, as follows:

# 4. INTEREST RATE AND MONTHLY PAYMENT CHANGES

(A) Change Dates

The initial fixed interest rate Borrower will pay will change to an adjustable interest rate on the first day of February, 2009, and the interest rate Borrower will pay may change on that day every 6th month thereafter. Each date on which Borrower's interest rate could change is called a "Change Date."

(B) The Index

Beginning with the first Change Date, Borrower's interest rate will be based on an Index. The "Index" is the average of interbank offered rates for six month U.S. dollar-denominated deposits in the London market ("LIBOR"), as published in The Wall Street Journal. The most recent Index figure available as of the date 45 days before the Change Date is called the "Current Index."

JPMC-000181 CONFIDENTIAL If the Index is no longer available, the Note Holder will choose a new index that is based upon comparable information. The Note Holder will give Borrower notice of this choice.

# (C) Calculation of Changes

Before each Change Date, the Note Holder will calculate Borrower's new interest rate by adding Four and 99/100 percentage points ( 4.990 %) to the Current Index. The Note Holder will then round the result of this addition to the nearest one-eighth of one percentage point (0.125%). Subject to the limits stated in Section 4(D) below, this rounded amount will be Borrower's new interest rate until the next Change Date.

The Nose Holder will then determine the amount of the monthly payment that would be sufficient to repay the unpaid principal that Borrower is expected to owe at the Change Date in full on the Maturity Date at Borrower's new interest rate in substantially equal payments. The result of this calculation will be the new amount of Borrower's monthly payment.

### (D) Limits on Interest Rate Changes

The interest rate Borrower is required to pay at the first Change Date will not be greater than 10.800 % or less than 8.800 %. Thereafter, Borrower's interest rate will never be increased or decreased on any single Change Date by more than One percentage point(s) (1.000%) from the rate of interest Borrower has been paying for the preceding months. Borrower's interest rate will never be greater than 14.800 % or less than 8.800 %.

# (E) Effective Date of Changes

Borrower's new interest rate will become effective on each Change Date. Borrower will pay the amount of Borrower's new monthly payment beginning on the first monthly payment date after the Change Date until the amount of Borrower's monthly payment changes again.

# (F) Notice of Changes

The Note Holder will deliver or mail to Borrower a notice of any changes in Borrower's interest rate and the amount of Borrower's monthly payment before the effective date of any change. The notice will include information required by law to be given to the Borrower and also the title and telephone number of a person who will answer any question Borrower may have regarding the notice.

# B. TRANSFER OF THE PROPERTY OR A BENEFICIAL INTEREST IN BORROWER Covenant 18 of the Security Instrument is amended to read as follows:

(A) Until Borrower's initial fixed interest rate changes to an adjustable interest rate under the terms stated in Section A above, Covenant 18 of the Security Instrument provides as follows:

Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in the Property is sold or transferred (or if Borrower is not a natural person and a beneficial interest in Borrower is sold or transferred) without Lender's prior written consent, Lender may require immediate payment in fall of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if such exercise is prohibited Applicable Law.

If Lender exercises this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is given in accordance with Section 15 within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period. Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

(B) When Borrower's initial fixed interest rate changes to an adjustable interest rate under the terms stated in Section A above, Covenant 18 of the Security Instrument shall then instead provide as follows:

Transfer of the Property or a Beneficial Interest in Borrower. As used in this Section 18, "Interest in the Property" means any legal or beneficial interest in the Property, including, but not limited to, those beneficial interests transferred in a bond for deed, contract for deed, installment sales contract or escrew agreement, the intent of which is the transfer of dide by Borrower at a future date to a purchaser. If all or any part of the Property or any interest in the Property is sold or transferred (or if Borrower is not a natural person and a beneficial interest in Borrower is sold or transferred by without Lender's prior written consent, Lender may require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if such exercise is prohibited by Applicable Law. Lender also shall not exercise this option if: (a) Borrower causes to be submitted to Lender information required by Lender to evaluate the intended transferree as if a new loan were being made to the transferree; and (b) Lender reasonably determines that Lender's security will not be impaired by the loan assumption and that the risk of a breach of any covenant or agreement in this Security Instrument is acceptable to Lender.

__To the extent permitted by Applicable Law, Lender may charge a reasonable fee as a condition to Lender's consent to the loan assumption. Lender also may require the transferee to sign an assumption agreement that is acceptable to Lender and that obligates the transferee to keep all the promises and agreements made in the Note and in this Security Instrument. Borrower will continue to be obligated under the Note and this Security Instrument unless Lender releases Borrower in writing.

If Lender exercises the option to require immediate payment in full. Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is given in accordance with Section 15 within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

### HOW YOUR INTEREST RATE IS DETERMINED AND CAN CHANGE

- HOW VURNEY ITEMS THAT IS DEFENDING AND THAT CHANGE.

  The initial interest rate on your loan is fixed, and therefore will not change, for a period of two, three, or five years, depending upon the particular lean program for which you apply and are approved. This initial interest rate is established by us based upon existing market conditions. This initial interest the may or may not be based upon the "index" and "Margin" (as those terms are defined below) sixed to make later interest rate adjustments. If the initial interest rate is equal to the sum of the Index plus the Margin rounded to the nearest 1/8 of 1/6, then it will be referred to in this Disclosure as a "Fully Indexed Fase." If the initial interest rate is less than the sum of the Index plus the Margin rounded to the nearest 1/8.0f 1%, then it will be referred to in this Disclosure as a "Discounsed Rate." If the initial interest rate is greater than the sum of the Index plus the Margin rounded to the nearest 1/8 of 1%, then it will be referred to in this Disclosure as a "Premium Rate." Ask us for the amount of our current into rate discounts or premiums.
- 2. After the initial two, three, or five year fixed interest rate period is over, the interest rate on your loan will be subject to change and the interest rate may change again every six months thereafter. Each day on which your interest rate may be adjusted is called a "Canage Date." Beginning with the first Change Date, but shiples to be limits described in Section D.4. of this Disclosure, your interest rate will be based on an "Index." The "index" is the average of interbank officered rates for six-month U.S. dollar-denominated deposits in the London market ("LIEOR"), as published in The Wall Street Journal. The Wall Street Journal is available at many newastands and (*CHSUN**), as published in The Wall Street Journal. The Wall Street Journal is evaluable at many newstands and public libraries assistanded. The most recent index figure available, so of the date of 4d says before such Change Date is called the "Current Index." If the Index is no longer available, we will choose a new Index that is based on comparable information. We will give you notice of this choice. In calculating your adjustable interest rate, we will also use a "Marijin," which is a fixed number of percentage points that will be specified in the note evidencing your loan. Ask us about our current interest rate and ourrent Margin.
- 3. On each Change Date, your interest rate will first be adjusted to equal the Current Index plus the Margin. We will then round this sum to the nearest one-eighth of one percentage point (0.125%). Subject to the interest rate Units discussed in Section 8.4. of this Date-Conser, this will be your new interest rate until the next Change Date. In some cases, the interest rate of your foam may increase even if the Index has decreased.
- 4. # **Balancing Your Escrow Account**

The front of this statement shows that you have an Escrow Account Shortage of \$3,745.53. How was this determined?

Your previous year's activity is used to estimate the deposit and disbursement activity in your Escrow Account and project your account balance for the year ahead. Your projected lowest account balance is compared to your minimum required balance as shown in the Escrow Account Balance below these paragraphs. This determines the amount required to bring your Escrow Account into balance.

Since taxes and insurance premiums often go up, we require that you maintain a minimum required balance in your account at all times to prevent a negative balance in your account.

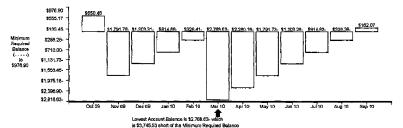

As shown in the information in the box and graph below, you will reach your lowest account balance of \$2,768.63- in March 10. This is subtracted from your minimum required balance of \$976.90 resulting in an Escrow Account Shortage of \$3,745.53.

in order to pay your Escrow Account Shortage and bring your account into balance, you may pay the \$3,746.63 shortage in full (Option A on front) or pay the shortage over 29 months (Option B on front). It's your choice,

#### **Balancing Your Escrow Account**

The front of this statement shows that you have an Escrow Account Shortage of \$4.440.81. How was this determined?

Your previous year's activity is used to estimate the deposit and disbursement activity in your Escrow Account and project your lowest account balance is compared to your minimum required balance as shown in the Escrow Account Balance below these paragraphs. This determines the amount required to bring your Escrow Account into balance.

Since taxes and insurance premiums often go up, we require that you maintain a minimum required balance in your account at all times to prevent a negative balance in your account.

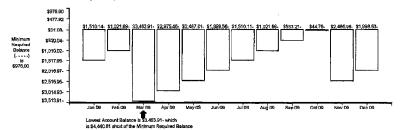

As shown in the information in the box and graph below, you will reach your lowest account balance of \$3,463,91- in March 09. This is subtracted from your minimum required balance of \$976.90 resulting in an Escrew Account Shortage of \$4,440.81.

In order to pay your Escrow Account Shortage and bring your account into balance, you may pay the \$4,440.81 shortage in full (Option A on front) or pay the shortage over 12 months (Option B on front). It's your choice,

Escrow Account Balancer

#### Balancing Your Escrow Account

The front of this statement shows that your Escrow Account is in balance, which means that you do not have a shortage or a surplus. How was this determined?

Your previous year's activity is used to estimate the deposit and disbursement activity in your Escrow Account and project your lowest account balance for the year shead. Your projected lowest account balance is compared to your minimum required balance as shown in the Escrow Account Balance: below. This determines the amount required to bring your Escrow Account in balance.

Since taxes and insurance premiums often go up, we require that you maintain a minimum required balance in your account at all times to prevent a negative balance in your account.

As shown in the information in the box and graph below, you will reach your lowest account balance of \$169.48 in March 09. This is subtracted from your minimum required balance of \$169.48 resulting in an Escrow Account that is in balance.

# NOTICE TO BORROWER OF PROPERTY NOT IN A SPECIAL FLOOD HAZARD AREA

Name of Borrower/Applicant; RICHARDSON

Property Address: 3622 W CURTIS OR SACRAMENTO, CA 95818 The Flood Disaster Protection Act of 1973, as amended, requires that all federally insured or regulated lenders require the purchase of flood insurance on all buildings being financed in Special Flood Hazard areas (SFHAs) of communities participating in the National Flood Insurance Program (NFIP).

Special Flood Hazard areas are defined by the Federal Emergency Management Agency (FEMA) and are indicated on FEMA Flood Insurance Rate Maps (FIRMs) or, if the FIRM is unavailable, on Flood Hazard Boundary Maps (FHBMs).

A review of the FIRM or FHBM on which the improved real estate or mobile home securing your loan is located shows that the subject property location was not located in a FEMA determined SFHA. As a result of this determination, flood insurance is not a requirement of your loan at this time.

If, during the term of your loan with us the subject property is identified as being in a SFHA, as defined by FEMA and indicated on a FIRM or FHBM, the National Flood Insurance Reform Act of 1994 (Reform Act) requires that you purchase and maintain Flood Insurance at your expense.

Re : Lates on Montgages

#### Mr. Thomas,

As per your request I am forwarding to you this letter stating why I was late on my Mortgage loan. As you know my life the past year has been very hectic and chaotic. I was recently divorced and elected the post of Assembly Representative of the 55th District in the State of California. During all these events my schedule did not permit me To do a lot of the things that I normally would have been able to take care of so I reached Out to my ex-husband for help and he agreed to cover the Mortgage payements while I was on the campaign trail, but he is also is very busy (currently serving as the Chief Of Police of the city of Long Beach) and forgot to take care of those payments for me In a timely manner, I make no excuse for the lates, but ask for your compassion in this matter to see that we had a lot of things happening and just were over whelmed.

Thanking you in advance for your assistance,

#### "BEST PRICE" INFORMATION

Your mortgage broker has submitted your loan application to Long Beach Mortgage. Our policy is to offer every qualified applicant the best price we can. A number of factors affect the price we can offer. For example, as a general rule:

- The price of a loan with a prepayment penalty is lower than the price of a loan without a prepayment penalty.
- The price of a loan that is 80% or less than the value of a borrower's home will be lower than the price of a loan that is equal to 100% of the home's value.
- The price of a loan approved based on conventional income documentation will be lower than the price of a loan approved based on minimal income documentation.
- The price of a loan secured by the borrower's primary residence will be lower than the price of a loan secured by a second home or investment property.

Also, a borrower's past credit history directly affects the price of a loan. For example, a borrower who has been late in paying an existing mortgage loan or who has recently filed a bankruptcy will pay more than a borrower who has a record of timely mortgage payments and has not recently filed bankruptcy.

We always recommend that you talk to your broker about what product, pricing, program and lender best suits your needs.

THANK YOU AND YOUR BROKER FOR YOUR INTEREST IN A LONG BEACH MORTGAGE HOME LOAN!

#### PLEASE DIRECT TO SANDY WATSON, REGION 32 U/W

December 28, 2006 Re: Assemblywoman Laura Richardson

Dear Sandy,

Per our discussion on this file, we are hoping that we pull at least a 600 mid-fico on this file and switch to a piggyback loan. If our credit score mirrors the 582 on broker credit we are requesting an LTV exception. Our borrower has a 2x30 (April, June 2006) and would not qualify for one loan @ 100% otherwise; we would need an LTV exception or an exception to count the two late payments as "rolling." Borrower is moving from Southern California to Sacramento as a result of her recent election to State Office.

Charles Thomas, our Loan Officer on this deal, helped Ms. Richardson enroll in "auto-pay" on her mortgage's in an effort to avoid future late payments. This has proven helpful given Ms. Richardson's busy schedule. Per your request she can provide an LOE to explain past late's if needed.

She has a current approval with

Compensating Factors:

- ✓ Full Doc
- ✓ Stable Employment
  - Elected Politician just starting two year term as Assemblywoman
- ✓ \$41,000+ in Reserves

I have included both a letter confirmation from Lynda Ropes, State Deputy Administrative Officer and a screen print of Ms. Richardson's State website (http://democrats.assembly.ca.gov/members/a55/)

Thanks for your consideration.

Best regards and Happy New Year,

Paul
